UAE Golden Visa (valid until August 2033 – no employer sponsorship required) | **UAE Driving Licence** | Based in the U.A.E. – available to join immediately

PROFESSIONAL SUMMARY

AI/ML-focused Computer Science graduate from VIT (CGPA 9.00) with hands-on experience in cloud data engineering and machine learning. Joined Cognizant as an AWS Intern building cloud-based data pipelines, and transitioned to a full-time role in data operations across AWS, DBT, and Oracle BI. Also completed a data internship at the UAE Ministry of Education. Delivered ML projects spanning NLP, computer vision, and predictive modelling. Actively seeking roles in Data Engineering, AI/ML, and Cloud across the U.A.E. Holds a UAE Golden Visa valid until August 2033, requiring no employer sponsorship or visa processing, along with a UAE driving licence and full mobility across the Emirates.

EXPERIENCE

PA – Data Operations | Cognizant, Chennai

July 26th, 2025 – Present

- Manage and monitor enterprise data pipelines across AWS, DBT, Oracle BI, and AtScale
- Perform AWS server health checks and first-step DBT failure triage
- Ensure data is up-to-date and available for BI and end users without disruption

AWS Intern | Cognizant, Coimbatore

April 15th – July 15th, 2025

- Built a serverless customer loyalty analytics pipeline on AWS (S3, Glue, Lambda, Redshift, CloudWatch)
- Designed SQL KPI views in Redshift for business intelligence consumption

IT Application Trainee | Ministry of Education, U.A.E

October 2nd – November 2nd, 2023

- Completed professional training in the Information Technology Department (120 hours)
- Worked on enterprise data systems and IT operations within a government ministry

EDUCATION

Bachelor of Technology – Computer Science with AI & Machine Learning

Vellore Institute of Technology, Chennai, India

2021 – March 2025 | CGPA: 9.00 | Top Coder – VIT Coding Challenge

Senior Secondary – Computer Science and Mathematics

ADIS – Al-Wathba, Abu Dhabi, U.A.E

2019 – 2021 | CGPA: 9.6

- Elected Head Boy for Student Organization (2020)
- Elected House Captain for Student Council (2019)

TECHNICAL SKILLS

Languages & Querying: Python, SQL, PySpark

Cloud & Data Platforms: AWS (S3, Glue, Lambda, Redshift, CloudWatch), Snowflake, Solix

Data Engineering: DBT (Data Build Tool), ETL Pipeline Design, Redshift, Data Warehousing, AtScale Infra

Machine Learning & AI: Machine Learning, Deep Learning, Computer Vision, Natural Language Processing (NLP), Predictive Modelling, Semantic Segmentation, Object Detection, Sentiment Analysis

Libraries & Tools: Pandas, NumPy, Scikit-Learn, TensorFlow, OpenCV

Soft Skills: Team Management, Problem Solving, Quick Learning, Logical & Critical Thinking

PROJECTS

Serverless Customer Loyalty Analytics Pipeline | AWS

- Built end-to-end pipeline using S3, AWS Glue, Lambda, Redshift, and CloudWatch

- Designed KPI SQL views in Redshift for BI consumption

Natural Language to SQL Engine | LangChain, Flask, Python

- Developed a system that converts plain English queries into SQL using LangChain and executes them on a database
- Deployed via Flask web interface for non-technical user access

Accident Detection & IoT Emergency Response | YOLOv5, CNN, Python

- Built real-time accident detection system using YOLOv5 for localisation and CNN for severity classification
- Integrated IoT-based emergency alert triggering on detection

Road Object Detection via U-Net | TensorFlow, OpenCV

- Applied U-Net architecture for pixel-level semantic segmentation of road scenes for autonomous driving

Movie Trailer Sentiment Analysis (Manglish NLP) | Python, Transformers

- Built a sentiment classifier for Malayalam-English (Manglish) YouTube comments across 5 sentiment categories

Stock Price Prediction – Volume-based | Sequential Neural Network

- Predicted next-day stock price direction using volume-price patterns with a Sequential Neural Network

CERTIFICATIONS

Automation Anywhere Certified RPA Essentials Professional – Automation Anywhere (2023)

Python 3.4.3 Training Certificate – IIT Bombay Spoken Tutorial Project (2022)

Fundamentals of Artificial Intelligence – AdmitKard (2020)

Introduction to Artificial Intelligence – SkillUp by Simplilearn (2023)
